

The Friends of the  
Children's Hospital  
Association

Committed to providing support, amenities, benefits, comfort & love for all patients & their families attending the Red Cross War Memorial Children's Hospital - Because happiness is going home!

To the Team at Just Junk

We would like to express our gratitude for your generous donation given in celebration of Mandela Day. Thank you for thinking of our children and for showing them such love and kindness in true Madiba spirit.

The Red Cross War Memorial Children's Hospital is the only dedicated specialist paediatric hospital serving the children of Southern Africa. It is a national asset and handles the worst cases of disease and chronic illness in children under the age of 12. It is often the last centre of hope for our little patients.

The Friends of the Children's Hospital Association is a non-profit organisation registered with the Department of Social Development and has been a support organisation to the Red Cross War Memorial Children's Hospital since 1978.

Each child deserves to be happy after the traumatic experience of hospitalisation. Our association depends solely on the support of the community. With your help we are able to provide a more comfortable stay in the hospital for the children and their families.

Yours sincerely,

David Stephens

Managing Director
